The above information is offered to assist those attending AWCI's Continuing Education classes and/or CW21 exam sessions in finding lodging near AWCI's teaching facility. The hotels mentioned are near AWCI, but do require transportation to and from AWCI. Neither the hotels nor AWCI provide shuttle service. AWCI and the hotels have arranged special rates for AWCI members attending AWCI events. Be sure to mention you are an AWCI member when making your reservations so you will receive our discounted rate. AWCI does not make hotel arrangements for those attending classes or exams. It is best for you to contact the hotel directly, thus eliminating the possibility of confusion regarding arrival dates, times and length of stay.

AIRPORT

The closest airport to AWCI is the **Greater Cincinnati International Airport (CVG)**. It is about 30 miles from the Institute. When leaving the airport, take I-275W to I-74W (towards Indianapolis). Exit the interstate at the Dry Fork Road exit (#3). Turn north onto Dry Fork and travel about 8/10 of a mile until you see a large building on the left – Hubert Mfg. Immediately before the building is Enterprise Drive. Turn left onto Enterprise Dr. AWCI is located near the end of Enterprise on the left. It's hard to miss the big AWCI sign, and the clock tower. Park anywhere in the lot and enter through the front door.

You may also want to check ticket prices to fly into and out of **Indianapolis, IN (IND)**, **Columbus (CMH)** or **Dayton (DAY)**, OH, **Louisville (SDF)** or **Lexington (LEX)**, KY. All of these cities are within two hours driving time to AWCI (Harrison/ Cincinnati area), and many times offer cheaper rates. Be sure to factor in the extra driving time you will need to arrive and depart on time (approximately 2 hours each way).

LOCAL TRANSPORTATION

Please be aware that there is **NO** public transportation in Harrison, **NO** taxis or other way of getting around once you made it to Harrison. Flying in, your best bet is to rent a car at the airport, no matter which of the above mentioned airports you fly into. Make sure you have your transportation arranged so you can be at the AWCI Training Facility on time for your class/exam.

If you have questions pertaining to your visit to AWCI, contact
